

Bread [Lyrics]

You said man shall not live alone by bread
You said those who come to You will never thirst again
Every word out of Your mouth is enough to sustain me
Every word out of Your mouth is enough to satiate me

Chorus

Bread of life
Jesus Christ
You are the well that never runs dry
Bread of life

Bridge

We are hungry, we are hungry
We are hungry for more of You
We are thirsty, Lord Jesus
We are thirsty for more of You
(last time: We are thirsty for more of to the chorus)
